BERESFORD CAT-CLUB

1900

BERESEORD CAT-CLUB.

ORGANIZED 1899.

IN connection with the Stud-Book, the Beresford Cat-Club Committee desires, especially, to call the attention of purchasers of cats to the necessity of obtaining, at the time of purchase, a certificate, correctly filled in, and signed, together with all the necessary particulars respecting sire and dam; and thereby be saved much trouble and inconvenience when making their entries for the Stud-Book. It is within the experience of the Committee that, after a sale has been effected, the late owner loses all interest in the animal, and often fails to satisfactorily answer inquiries in regard to pedigree. As the aforementioned details are indispensable for the purpose of registration, they should, in every case, be obtained at the time of purchase.

Up to the present, 31 prefixes for the use of the Stud-Book have been duly registered; and owners who have not already adopted a distinctive word are strongly advised to do so that it may be registered for their exclusive use. The prefix prevents the confusing multiplication of the same names, and obviates the necessity for the unsightly addition of numerals; it identifies an animal with a particular Stud; and enables all the entries of an owner to be brought together in the Stud-Book index.
