

EMS Conversion Table for Tonkinese, & Other, Breed No.s Acceptable in the Tonkinese Pedigree

Note 1: Your new registration papers from the GCCF should NOT include the word 'variant'

Note 2: The GCCF system has been corrected to include extension '32' for the TCR patterns, please ensure that you use the full and correct TOS code to avoid incorrect registration.

* **Note 3:** The TBAC will be applying for the acceptance of Cinnamon and Fawn as new colours of the breed (2014) - after they have been accepted *Full registered* Siamese in these colours may be used in the Tonkinese breeding program.
