

Linda Vousden's Judge Reports

Maidstone & Medway CC 10th December 2022

Many thanks to Sheila and her most efficient team for inviting me to judge at this friendly and very well run show. I was very grateful to be given my PJ classes and lucky to be sharing my day with Janet Williams, who was a good companion and an excellent steward. Naturally my special thanks go to the exhibitors for allowing me to handle (cuddle) their precious feline companions.

A blue male kitten of good size and overall type with a lovely glowering Burmese expression. His head is a short wedge, with good width across the cheeks and tapering slightly to a gently rounded blunt muzzle. His ears are medium to large at present, broad-based, oval tipped and sit well on either side of a domed top of head. They are alertly pricked forward; the outer line of the ears correctly following the outer line of the head. In profile his head has good depth from the top to the jaw. His forehead is rounded to the brow below which he has a good nose break and the tip of his short straight nose is level with his deep chin. His large eyes are correctly shaped and set well apart, still developing colour but pre-dominantly yellow. His body is weighty and well-proportioned with a shapely tail that balances the length of his torso, slightly thicker at the base and tapering to a rounded tip; it has a very tiny pip at the end at present. His large kitten feet are neatly oval shaped. His coat is kitten soft and a nice even-toned slate-greyish blue colour, quite close-lying; he has an attractive silvery sheen on his face, ears and toes.
