ASSOCIATES, Five Shillings per annum.

Entries on the Stud Book and Register free to Members and Associates—to Non-Members, 1/- each entry.

PREFACE.

The Third Volume of the National Cat Club Stud Book and Register contains the following entries :—

Long Haired Males.	Short Haired Females.
Long Haired Females.	Long Haired Neuter.
Short Haired Males.	Short Haired Neuter.

In connection with the Stud Book, the National Cat Club Committee desires especially to call the attention of purchasers of cats to the necessity of obtaining at the time of purchase a certificate, correctly filled in and signed, together with all necessary particulars respecting sire and dam. Purchasers will thereby be saved much trouble and inconvenience when making their entries for the Stud Book. It is within the experience of the Committee that, after a sale has been effected, the late owner loses all interest in the animal, and often fails to satisfactorily answer enquiries in regard to pedigree. As the aforementioned details are indispensable for the purpose of registration, they should, in every case, be obtained at the time of purchase.

Up to the present, 70 prefixes and affixes for the use of the Stud Book have been applied for and duly registered, and owners who have not already adopted a distinctive word are strongly advised to submit a suitable name for the approval of the Committee, so that it may be registered for their exclusive use. The prefix prevents the confusing multiplication of the same names, and obviates the necessity for the unsightly addition of numerals; it identifies an animal with a particular Stud, and enables all the entries of an owner to be brought together in the Stud Book. The list of prefixes and affixes registered up to date will be found at the end of this volume.

At a General Meeting of the National Cat Club, held at the Crystal Palace on the first day of the Cat Show, October 16th, 1894, a resolution was passed that the National Cat Club Medals or other Prizes will only be offered at Shows after the close of this year (1894) for Competition to Members of the Club.

It was also resolved that the 1/- entries of Cats on the National Cat Club Stud Book will not be eligible to compete for the Club's Specials, unless their owners join the National Cat Club as Members, and that after the close of this year (1894) the 1/- entries on the N.C.C.S.B. will only stand as a registration of pedigree.

Signed by S. WOODIWISS, *Chairman.*

A. A. CLARKE, *Treasurer.*
