Upon the re-organisation of the N.C.C., it was decided that it was necessary that the Stud Book should be completed up to date. This volume, number iv., is the result. It is not put forward as a work of art, but merely as a useful and necessary ending to what Mr. Clarke has done in the first three volumes. This volume contains all entries of Cats from March, 1895, to March, 1896, when the N.C.C. was re-organised, and from which date all Cats exhibited must first be registered in the N.C.C. Register at a fee of 1s. per Cat.
